<sup>1</sup> Plaintiffs' designation states that they recognize the Fourth Circuit's affirmance of this Court's exclusion of evidence of compliance with the 510(k) process and "reserve the right to designate" Dr. Pence "[i]n the event of a contrary ruling." Ethicon understands this to mean that Dr. Pence is not designated at all if no FDA evidence is admitted, even though this is potentially inconsistent with Dr. Pence's current disclaimer of reliance on FDA regulations. In addition, Ethicon notes that this "reservation of right to designate" in some instances puts Plaintiffs' number of experts over the allotted number.
